The screenshot shows the 'Austrian INSPIRE Registry' website. At the top, there is a logo with two stylized globes and the text 'AUSTRIAN INSPIRE Registry'. Navigation links include 'Über diese Webseite', 'Kontakt', 'Rechtlicher Hinweis', and a language dropdown set to 'Deutsch (de)'. The main heading is 'Codelisten Register' with a search bar. Below this, a metadata table lists details for the register, including its ID, name, content summary, owner (Climate Change Centre Austria), manager (CCCA Data Centre), and submitter (INSPIRE NKS). A section for 'Andere Formate' (Other Formats) provides icons for XML (Re3gistry, ISO 19135), RDF/XML, JSON, Atom, and CSV. At the bottom, a 'Code Lists' table is displayed with columns for Filter Name, Filter Themen, Filter Anwendungsschema, and Filter Status. The table contains one entry for 'Themen' with a URL and 'Anwendungsschema' with a URL. A footer note says 'Powered by: Re3gistry 1.2'.
