

The screenshot shows the INSPIRE Register Federation web interface. At the top, there is a navigation bar with the European Commission logo, the INSPIRE logo, and the text 'Register Federation'. A language dropdown menu is set to 'English (en)'. Below the navigation bar, there is a breadcrumb trail: 'European Commission > INSPIRE > Register Federation > Registries'. A secondary navigation bar contains links for 'Registries', 'Registers', 'Relations', 'Federated search', and 'Help', along with a 'Login' button. The main content area is titled 'Registries' and features a table with three columns: 'Label', 'Publisher', and 'URI'. Each column has a filter input field above it. The table lists five registries, each with its label, publisher name, and a clickable URI.
